## Automatic Bag Closing Machine

The **865** machine can automatically perform the following 2 movements: close the bag with your product and, if it has a printer (optional), print a price value, expiration date, and so on.

Its design is simple and functional, resulting in low purchase and maintenance costs, low waste while offering a number of years of trouble-free operation. Suitable for a wide range of bag sizes and materials (plastic, net, even paper).

It uses a wide range of plastic clips, available in 7 colors.

Used for the packaging of:

- Agricultural products
- Bakery products
- Sweets
- Dry fruits, snacks
- As well as anything that can simply be closed in a bag.
