

IPEKA CL-35

Semi-Automatic Machine for Packaging in a Bag with a Wire Clip

IPEKA CL-35

Semi-automatic machine for closing bags with double laminated wire (clip). The **CL-35** has been popular for years, more than any other Ipeka product. The reasons for its popularity are clear: the CL-35 is a fast, easy to use and compact packaging machine with good ergonomics, perfectly suited for bakery products, difficult to pack with other machines, such as round bread loaves.

General Features:

- All parts in contact with the product are made of stainless steel.
- Mechanical operation, drive by motors.
- Easy and safe to use.
- Made in Europe.

Optional:

- Outfeed conveyor.
- Rotating table for finished product collection.
