

# On Seal Alu Manual & Semi-Auto

Desktop Sealers for Preformed Aluminum Sheets

**On Seal Alu Manual**

Tabletop sealing machines for secure sealing of cups with preformed aluminum sheets. Economical in consumption, affordable.

Two models are available, one with pneumatic drive (**On Seal Alu Semi-Auto - Pneumatic**), with foot-pedal controlled operation and one with manual control of the sealing head.

## General Features:

- Three cup inserts in a manually operated rotating table.
- Digital temperature control.
- Strong sealing.
- Integrated fuse to protect electronic parts.

**On Seal Alu Semi-Auto  
(Pneumatic)**
