when saturated**

**Dri-Fresh® Fresh-Hold™ odour-absorbing pads combine unique odour absorption properties with specialist absorbent materials creating products with excellent product presentation characteristics.**

**Dri-Fresh® Fresh-Hold™ odour-absorbing pads are manufactured using a unique proprietary process. As such, the pads are completely food safe, suffer no loss of absorbency during application, are resistant to delamination and are effective at removing unpleasant odours even when saturated.**

**Dri-Fresh® Fresh-Hold™ odour-absorbing pads can be integrated into any packaging format to provide innovative packaging solutions, where odour is off-putting for customers.**
