

FUTURA

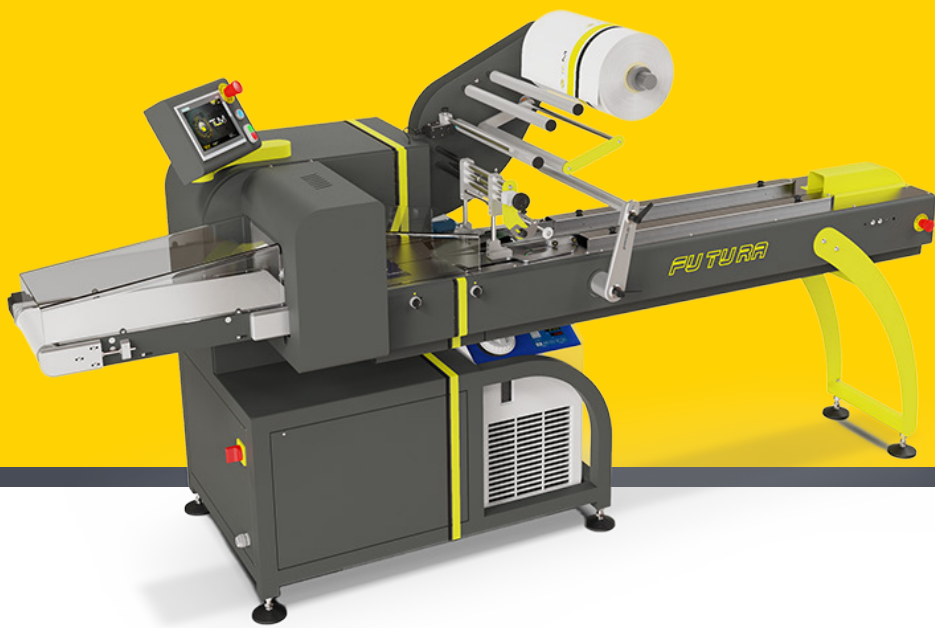

Automatic horizontal packaging machine for medium productivity.

The **FUTURA** is a state-of-the-art horizontal loading machine, suitable for a wide range of products. Its design allows for rapid mold changes with minimal movements thanks to its dynamic bag forming system. Suitable for a wide variety of products such as pastries, baked goods, confectionery items, sweets, etc. Optional accessories are available, including a printer, photoelectric sensor for pre-printed film, easy-tear zig-zag notch, and more. **Fully manufactured in Italy with components from internationally recognized suppliers.**

It is also available with an innovative cooling system at the point where the longitudinal sealing rollers are located, ideal for heat-sensitive products such as chocolates and sweets.

APPLICATIONS

CONFECTIONARY	PHARMA	SALAMI	BAKERY	ICE CREAMS	COSMETICS	FROZEN PRODUCTS	PET FOOD
							

Technical Specifications:

Productivity	up to 100 pcs/min (depending on product length)
Weight	400 kg
Power	1.5 kW
Power Supply	220 V / single-phase
Maximum product dimensions	Length 220 mm, Height 50 mm, Width 120 mm
Machine Dimensions	2700 × 880 × H 1514 mm
Maximum Film Width	300 mm
Display	7-inch Siemens touchscreen
