

GENESI

High-Productivity Automatic Horizontal Packaging Machine

Designed to deliver high performance, GENESI combines speed, precision, and flexibility in a compact, technologically advanced solution. It is equipped with a large, clear Siemens touchscreen for easy parameter settings and the ability to store up to 100 customized recipes. Suitable for a wide range of products, offering high levels of automation and productivity. Optional accessories include a printer, photoelectric sensor for pre-printed film, easy-tear zig-zag notch, advanced cooling system, No Product – No Bag sensor, and more.

Fully manufactured in Italy with components from internationally recognized suppliers.
