

EKO ONE

Automatic Horizontal Packaging Machine for Low to Medium Production Capacity

The EKO One packaging machine is an automatic horizontal packaging machine designed for low to medium production capacity, equipped with 3 servo motors. It provides strong sealing through the use of a rotary cross-sealing jaw.

Fully electronic, it offers easy and fast adjustments via a 7" SIEMENS touchscreen display. It is suitable for a wide range of products, including puff pastry products, bakery goods, confectionery products, sweets and more.

It can be supplied with optional accessories such as a printer, photocell for pre-printed film, zigzag easy-open notch, and more.

Entirely manufactured in Italy using components from internationally recognized manufacturers.

It is also available with an innovative cooling system at the longitudinal sealing rollers, designed for products that are sensitive to high temperatures, such as chocolates and confectionery products.

Applications

CONFECTIONARY

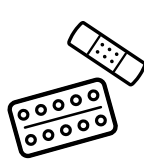

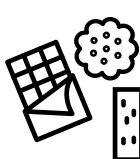

PHARMA

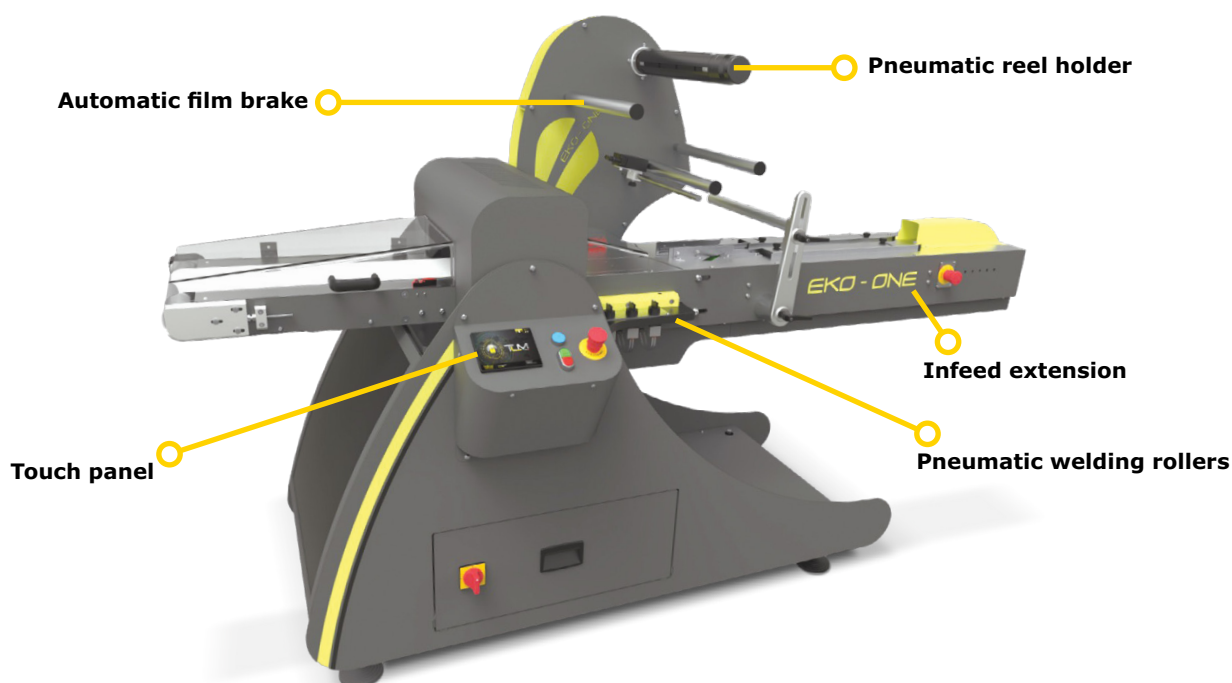

CANDIES

BAKERY

ICE CREAMS

COSMETICS

Technical Specifications:

Productivity	Up to 100 pcs/min (depending on product length)
Weight	500 kg
Power	2 kW
Power Supply	220-240 V/1-ph
Maximum Product Dimensions (The maximum dimensions cannot be combined.)	Length 400 mm, Height 75 mm, Width 150 mm
Machine Dimensions	2.368 × 862 × Y 1.514 mm
Maximum Film Width	400 mm
Display	7-inch Siemens touchscreen
